

Mobilising stakeholders from Türkiye towards the implementation of transformative innovative solutions for the EU Mission Ocean and Waters within the Mediterranean basin

Date: Monday, June 10, 2024

Time: 13:50-16:45 (GMT+3, TR Time)

Event Language: Turkish-English (There will be a Turkish subtitle/translation for English presentations)

Location: Online (Link will be shared with participants after registration)

Context	<p>The BlueMissionMed National HUBs are Territorial Multistakeholder Communities which implement the activities and priorities of the BlueMissionMed project in alignment with the overarching EU Mission Restore Our Ocean and Waters. Their core role is to facilitate and support individuals and organizations by engaging private and public actors, experts, and institutions, facilitating knowledge exchange and playing a pivotal role in providing them with the necessary content and expertise, empowering participants to develop and implement their ideas effectively.</p> <p>Between May and June, BlueMissionMed is organizing a set of events, in collaboration with the French, Greek, Italian, Maltese, Spanish, Tunisian and Turkish BlueMissionMed National and Regional HUBs.</p>
Objectives	<ul style="list-style-type: none"> • Showcase and demonstrate selected transformative innovative solutions according to the EU Zero Pollution Hierarchy, to prevent and reduce pollution across the Mediterranean Sea and waters; • Collect stakeholders' feedback and inputs on selected transformative innovative solutions; • Facilitate the solutions' adoption and implementation with the aim of achieving the EU Mission objectives.
Organizer	<p>BlueMissionMed https://bluemissionmed.eu/</p>

	<p>The EU-funded BlueMissionMed project, aimed at supporting the implementation of the EU Mission Restore Our Ocean and Waters, is committed to empowering all the actors that can take a role in preventing and eliminating pollution in the Mediterranean Sea and waters. The goal of BlueMissionMed is to support, connect and structure existing initiatives and activities, disseminate and upscale transformative innovative solutions, and mobilise and synergize relevant actors.</p>
<p>Target participants</p>	<p>National stakeholders from BlueMissionMed National and Regional HUBs and European and international key actors, from Policy, Business, Research&Innovation and Civil Society.</p>
<p>Sectoral priority</p>	<p>The workshop will focus on mainly the indicated priorities of preventing and eliminating pollution of our oceans, seas and waters;</p> <ul style="list-style-type: none"> • implementation of circular and bio-based solutions to prevent pollution in natural environments • reduce marine plastic pollution at the city level • circular solutions for fishing nets
