

ARE YOU AN ACTOR IN THE MEDITERRANEAN BASIN?

Discover BlueMissionMed project and take an active role in depolluting the Mediterranean sea and waters

The BlueMissionMed Coordination and Support Action, designs, structures and supports a multi-actor ecosystem able to offer to all Mediterranean countries, regions and stakeholders the knowledge and tools to address the Mission “Restore our Oceans and Waters by 2030” objective 2 “Prevent and eliminate pollution of our ocean, seas and waters, in line with the EU Action Plan Towards Zero Pollution for Air, Water and Soil”.
